A LITTLE GINGHAM

This 7-cent Gingham was 10 cents only a little time back. Very likely, no better quality is NOW 10 cents in many stores. The wonder is to find it at 7 cents. Good for service, safe to wash, heavy enough for careless wear in careless places, and sightly enough for any Gingham turnout. Style, Domestic Checks and Broken Checks, small Plaids, mostly brown. A little coarser-a wink less of style, perhaps, and you have the 61-cent Gingham-the best Goods in the market for Kitchen Aprons, Boys' Waists, and such uses. One step the other way to a bit, more fineness, and noticeably more art, and there's the 10-cent line-a long one.

There is a style about our MIDSUMMER HATS that wins with young Ladies. There is a CLEARANCE SALE PRICE ON MILLINERY that wins with ALL.

THE NEW YORK RAILROAD STRIKE

EAST OF THE ROCKIES.

Severe Storms in New York and Colorado-Pale Alto Wins a Race-Etc.

[SPECIAL DISPATCHES TO THE RECORD-UNION.

THE STRIKE. Most of the Trains Moving on the New

York Roads

New York, August 11th.—All through the night and early this morning it looked as though the strike on the New York Central was slowly but surely petering out. Nevertheless both parties, as far as words went, at all events, are as stuborn as ever. The Buffalo express, or the newspaper train, moved out on time at 5 a. M. Before 7 o'clock two trains had been sent out over the Harlem division. Soon after, the announcement was made that all trains would be run to-day. The police arrangements remain the same as yesterday, except the men are told not to leave their posts for even an instant. Vice-President Webb contradicted the statement made last night that the fireman had stuck. He declared all the passenger trains running are fully manned. Everything, he declared, was in fine shape all along the road, except at Syracuse, where proper protection was not accorded, and he had telegraphed Governor Hill for troops. He added that arrangements were being perfected for moving freight to-day. The first freight which moved since the strike left yesterday for Albany at 9 a. M. No opposition was made by the strikers, as a heavy guard of police was on hand.

The Sixty-fifth-street vard, from which the York Roads

of police was on haud.

The Sixty-fifth-street yard, from which the first shipment of freight was made, is the most important in the city. A freight train passed Spuyten Duyvil at 10:30. Everything to that routh was all yight.

at 10 o'clock everything was in good shape at the Grand Central Depot. The police arrangements are the same as yesterday. There is no excitement around the deptt, except that large numbers are applying for work at the temporary employment bureau. AT ALBANY.

ALBANY, August 11th.—A committee of the Knights of Labor waited upon Deputy Attorney-General Whittaker to-day and inquired as to the right of the Central Road to employ Pinkerton detectives to guard its property. Whittaker told the committee the company had a perfect right to protect its property and hire agents for that purpose. agents for that purpose.

A prominent Knight said at noon, as trains came in from the West, the fireman are dropping from service. "Here," he said, "eight, so tar, have dropped off, and the Brotherhood of

ping from service. Here, he shot, eght, so lar, have dropped off, and the Brotherhood of Engineers have refused to work with any but union firemen, and would not go to New York with green men."

Superintendent Bissel was asked about the matter, but emphatically denied the rumor. He said every train which came either from the West or the South passed through Albany with the same crew with which it came in. Not a passenger fireman had left the service to day.

ALBANY, August 11th.—Governor Hill had a consultation with some of the strike managers to-day, and after listening to their grievan es he called their attention to the situation at Dewitt, and asked that all hostile demonstrations there be stopped, and they promised that his request will be complied with.

The company has 10w peacefully resumed possession of its property at that place, and its trains are running through there without molestation. It is doubtful whether any troops will be now needed, unless an unexpected chance in the situation covers. change in the situation occurs.

The freight train which left New York at 11 o'clock to day arrived at East Albany at 6 o'clock, and will not be sent any further west for the present. When the train drew into the station there was a crowd of 600, but they did not molest the train or crew. No attempt will be made to move the freight out of the West Albany yards until additional Pinkerton men arrive. The train which blocks the upper railroad bridge is sill lying there, and the steech which arises from the decaying dressed beef is sitzening.

REPLY FROM THE GOVERNOR. NEW YORK, August 11th.—In reply to the re quest of Vice-Presiden: Webb to Governor Hill asking that State troops be sent to Syracuse, he this afternoon received the following reply:
"General Farnsworth has been sent to investigate the situation and report. You may rest assured that the State authorities will act assured that the state authorities will act promptly and vigorously in protecting property and preventing violence. The functions of the military forces should not, however, be misunderstood. It is not their business to operate railroads, nor to interfere in behalf of either party to the labor controversy, but only when invoked to aid the local anthorities in suppress ing violence and protecting property. They are ing violence and protecting property. They are not expected to do mere police duty, nor discharge those functions which most properly belong to a Sheriff's posse. The powers of the civil authorities should be fully applied before recourse should be had to the military authorities.

TRAINS RUNNING. New York, August 11th.—The officials of the New York Central and Hudson River Railroad announce that there is now no interruption to passenger traffic on the lines of the New York Central, all through passenger trains being run on regular schedule time.

The Chicago mails due at 6:45 this morning reached here at 2:30 this afternoon. It also contained the Chicago mails that were due to arrive Sunday eye. The train from Chicago

contained the Chicago mails that were due to arrive Sunday eve. The train from Chicago due at 11:30 this morning, and which centains the Western mails and those of the transatlantic connections, had not reached here up to 5 o'clock. All other mails were more or less late. During the afternoon and evening the Grand Central depot was as quiet as though no strike had occurred. Trains are continually arriving and leaving, and the entire business of the depot has resumed its hormal condition, Vice-President Webb said at 9 o'clock this evening, and at midnight the situation was the same. The strike, so far as the Central is concerned, was at an end. The Erie passenger and freight service will be resumed to-morrow and all trains will be run on schedule time. All the freight vards will be open for reception of Western freight.

CHIEF ARTHUR TALKS. CLEVELAND, August 11th .- Chief Engineer F Arthur, of the Brotherhood Locomotive Engi neers, when asked to-day concerning his views of the strike, said: "There is really nothing I can say on the part of the engineers, because they are not involved. I have received no official information here whatever, not even as to the cause of the strike. The engineers would not,necessarily be involved, even if the firemen should join with the strikers." JERSEY CITY (N. J.) August 11th.-There was no change to day in the situation at any of the railroad depots of this city. There was not the least sign of trouble. The men employed in the yards said a strike was not probable.

PRISIDENT HARRISON ARRIVES. BOSTON, August 11th.—As the Baltimore, flying a flag and bearing President Harrison, Secretsry Rusk and Private Secretary Halford, entered Boston harbor, she was met by other vessels of the fleet—the cruiser Atlanta, the Kersarge, the gunboats Petrol and Yorktown, the dispatch boat Dolphin, the dynamic cruiser Vesuvius and the torpedo boat Cushing—all, save the Kersarge and Cushing, firing salutes.

The revenue cutter Gallatin, with Governor Brackett, Collector Beard and Mr. and Mrs. Mc Kee on board, escorted her to her anchorage, Mayor Hatt and other members of the City Government also went down to the harbor to welcome the Chief Magistrate, while Mrs. Noble and other ladies were on board the Vigilant.

President Harrison landed at 5:40 p. M. amid the thunder of cannon, and was escorted to the Hotel Vendome by the First Battalion of Cavalry. Along the line of march, which was nearly two miles in length, the streets were packed with enthusiastic multitudes, who greete i the President with cheers. The President, who rade with Governor Brackett, bowed right and left at the greeting of the throng. The revenue cutter Gallatin, with Governo

TERRIFIC STORM.

fuch Damage Done to Property and New Haven (Conn.), August 11th.—The most terrific thunder-storm that has visited this section in twenty years swept up Long Island sound yesterday afternoon and created havoc all along the shore. At Himble island trees were uprooted and windows of the cottages blown in. The hails'ones were as large as walnuts and fell tor half an hour.

The steamer Margaret, with three hundred excursionists on board, was caught in the storm. A panic ensued, but the steamer weathered the storm safely.

From all along the eats shore as far as New London reports of a terrific storm are received. Crops. London reports of a terrific storm are received. Trees were prostrated and the windows in the dwelling houses blown in. The crops, especially corn and tobacco, are ruined.

IN COLORADO. DENVER, August 11th.—A Boulder (Col.) special says: The bursting of a waterspout in the mountains above town last night caused the water in the river to rise to a fearful height in a few minutes. The caoin of W. J. King and wife, which was built on the banks of the river, near Silona, was caught in the flood and both were drowned. The railroad track was washed away, so no trains will be able to run for three days. Boulders weighing two tons were washed down the sides of mountains.

Near Loveland yesterday evening a hailstorm roined the entire fruit, wheat and corn crops. The territory was ten miles long and two wide.

in September. The House will then have little
work to do, and can debate and pass the measure within a few days. The bill will be prepared after consultation with the leading Republicans, so that the measure adopted by the
House will not be amended by the Senate.

Leaders in the House express the belief that

the basis of apportionment for representation of the membership of the House will be fixed at 180,000 persons, the present basis being one member for every 75,000 or fraction thereof. The design is not to increase the membership of the House over twenty-five and it is estimated. of the House over twenty-five, and it is estimated that on a basis of 180,000 the membership of the House will be about 355, it being calculated that the population of the States will be 64,000,000. Washington, August 1'th.—The Canadian Minister of Marine and Fish ries has received a telegram from the Department Office of British Columbia, raying that the run of salmon this year is of the most extraordinary character, being fully equal to that of latt year. Twenty thousand salmon were taken by the canne ies Saturday. This yea's run upset all the theories previously he'd in regard to salmon. washington, August 11th.—Mr. Morrow tried to have a conference of the Secretary of the Treasury, Postmaster-General and Attorney-General to-day on the San Francisco Postoffice site, but did not succeed in getting them to-It is learned that Mr. Clarker.

It is learned that Mr Clarkson's first choice is the Howard street property, and it will probably be secured by condemnation. This information comes from the most reliable source, and corroborates the dispatch published a week ago exclusively by the California Associated Press.

It is learned that although Mr. Clarkson leans toward the Howard street lot, his report will speak very favorably of the other locations, but as a commissioner sent to San Francisco to examine the different pieces of property reported the Howard street property his first choice, and as Mr. Clarkson is favorably impressed with it, it is altogether likely that it will be chosen, although Postmaster General Wanamaker is not favorably impressed with it. He insists that there ought to be "lots of room," and that the Government should purchase the Mission street property, "no matter what it costs"

Cleary's gents' furnishing goods store, and be fore it was checked about \$85,000 worth of property had been destroyed. A fire engine was at the scene soon after the alarm was turned in, but there was no water, owing to repairs being made on the flour mill, necessitating the shutting down of the flume.

The engine was then moved two blocks farther up the street and attached to the city water plug, but this was found insufficient. In the meantime a messenger was sent to turn the water on in the mill-race.

During this time the fire gained considerable headway. Water was again supplied, but the engine did not work well. The firemen were left standing helpless, yet they fought the flames with axes and buckets assisted occasionally by the steamer. The fire raged for nine hours before it was under control.

The following are the principal losses: Jake Winehardt, loss on building, stock of liquors, etc., \$12,000, insurance, \$5,900; White & Peabody, building and printing material, \$5,000, insurance, \$2,300: P. SAN FRACCISCO, August 11th.—Colonel Fred Crocker said to-day that the fight contemplated by the Canadian Pacific Steamship Company against the Pacifi Mail and Occidental and Traffic Manager Rice of the Pacific Mail would leave for Portland o-morrow night, where he would meet representatives of the Canadian line and sign a pea e agreement.

The agreement is to ast until May 14, 1891, and prohibits the Canadian line from handling freight to and from ports south of the northern State line of California, and the Pacific Mail and Occidental and Oriental companies from handling business in ports outside of California.

Whather or not two companies of this port are Whether or not two companies of this port are to pay the Canadian line a monthly subsidy is not known, but it is the general supposition in steamship circles that some sort of a monthly subsidy to the foreign line forms the basis of the new plan.

IN THE SENATE.

Washington, August 11th.—In the Senate this afternoon the routine business of the tariff bill was taken up, the pending question being Plumb's amendment to reduce the additional duty on iron or steel hoops cut to lengths for baling purposes from two-tenths to one-tenth of a cent per pound. The amendment was rejected, three Republicans—ingalls, Paddock and Plumb—voting in the affirmative.

McPherson moved to amend the paragraph by making the duty on iron or steel hoops 5 per cent ad valorem, instead of one cent, one and one-tenth cents and one and three-tenths cents per pound.

Vest said the Senator from Ohio had stated that the bill was acceptable by his side of the Chamber. The record did not show that to be a fact. On the other hand, the most aggressive attacks made upon the bill has been from that side of the Chamber, and from a State that they had given the largest majority for the Republican party in the late election. The record would also show that a larger number of Democratic Senators responded every time the roll had been called. He gave notice that every item in the bill would be discussed, if necessary, unless it was prevented by force applied in

Its cause was the demonetization of silver in 1873. Ever since that act the price of land and tarm produce had decreased. Since the passage of the silver bill prices had risen some becomes the re-union of the island with the passage of the silver bill prices had risen some

Teller said that as to the question of haste in passing the bill he was not disposed to deny its opponents a fair and free discussion. He was willing to stay and discuss the tariff question or allow it to be discussed, because he believed the American people wanted to know whether the bill was a proper revision of the tariff.

An Exciting Moment on a Steamer

Crowded With Excursionists. Montreal, August 11th.—Twenty-five hundred Grand Army men, with their wives and children, left Chicago for Boston via Niagara Falls, St. Lawrence river and Mentreal on Friday. Most of them were from posts in cities outside of Chicago and mary came from Iowa, Minnesota, Nebraska, Kansas, Missouri and Wisconsin. At 4 o'clock yesterday morning five big steamer-loads left Kingston to go through the rapids of the St. Lawrence. All the boats were packed with Grand Army men and their families. The Bohemian, the largest of the boats, was the last. She had between 600 and 700 passengers aboard. The Long Sault rapid was passed safely, and the entire day was very pleasantly spent. The hurricane deck was fearfully crowded:

pleasantly spent. The hurricane deck was fearfully erowded.

About 7 o'clock great thunder clouds began to gather in the west and the sky to darken. The wind freshened considerably, too, and a big storm was predicted. There was yet one series of rapids to go through, the Cretan, as dangerous as any on the river, and the Captain of the Bohemian thought he could reach there before darkness set in. The upper deck forward of the boat was packed with people, watching the first plunge of the steamer, when there was a brilliant flash of lightning, the rain began to fall in sheets and the people made a rush for the cabin and shelter, and the steamer entered the rapids. She rolled tearfully and the people surged from side to side. Suddenly the sound of cracking timbers was heard, and women shrieked and fainted. Then there were heard several hoarse commands from the pilot-house to the crew to clear the tiller chains. The upper deck beams had cracked, and the floor in sinking had jammed the tiller chains leading from the pilot-house at, and the steamer, in the midst of the broiling rapids, was entirely beyond control.

Markham and Morrow Men Each Claiming the Prize-But the Other Candidates Are Not Idle.

All day yesterday the crowd of perspiring delegates surged back and forth through the hotel corridors and buzzed and button-holed one another in the interest of their respective candidates. The Markham men, while insisting that their favorite for Gubernatorial honors was certain to capture the prize, lost no opportunity to secure a vote wherever one could be had, and so it was with the Morrow city in the forenoon and established him- N. Drury Melone came up from San Francisco at noon yesterday. He is a delegate from the Palace Hotel district in that city. Mr. Melone had not been in the city half an hour before he was grasped warmly by the hand by a man whom he did not know, but who had a badge of some kind pinned to his coat. The alleged delegate fairly trembted from the force of his enthusiasm. "You've got it! You've got it! The thing's dead sure!" he exclaimed, as he shook the ex-Secretary's hand. "Got what?" asked Melone. "Why, the Governorship—it's all right—everything's fixed! The Markham men refuse to yield an inch, and declare that he will be the man. One report was that several prominent adherents of Morrow had gone over to Markham, including George A. Knight, and that the latter would place the Los Angeles candidate in nomination. It was said last night that the Sacramento delegation was almost a unit for Morrow. Friends of General Chipman believe that there will be a dead-lock for several ballots, after which delegations will break to their man, especially those of the southern counties. THE SALOON KEEPERS AND LIQUOR THE SALOON KEEPERS AND LIQUOR dealers of Sacramento, not satisfied with ruining our boys and decoying into paths of sin and shame our daughters by their "ladies" (?) entrances," have brought to bear their influence against one of our faithful co-workers, E. M. Leitch (truckman), whose only offense is his active efforts to suppress gambling and other vices in our midst. A petition has been presented by the liquor interests asking for the discharge of Mr. Leitch from the employ of the Sacramento Flouring Mills (also known as the McCreary's Mills) as drayman, because of his participation in the reform measures indicated participation in the reform measures indicated Yielding to this arrogant demand, Mr. Leitch has been dismissed from the employ of the above-named firm and a man favorable to the

saloon put in his place.

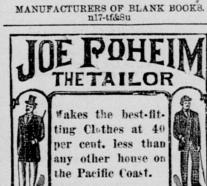

Shall we, without protest, submit to the power of the dive, the saloon and the not less dangerous corner grocery, whose aim has been to debauch our homes, to control our politics and now seeks to drive American citizens from hencet, and honorable employments. If we submit to this, the end is not yet. Let us say to Mr. McCrearv and his grocery-saloon friends: Make your flour, and employ whom you will to han! it, but it shall not come into our homes nor will we patronize those that deal it. stated that the first business in order was to select a temporary Chairman. Add C. Hinkson promptly placed in

nomination R. O. Cravens. There were no other nominations and Mr. Cravens was unanimously elected.
Mr. Cravens, upon taking the chair, said it was always a pleasure to him to meet his old Democratic friends, but this time, considering the bright prospects of the party. it afforded him greater pleasure than ever to be with them, particularly as the Chairman of the County Convention. After referring to the irresistible strength of the the tyrrany of Speaker Reed, he announced that nominations for Secretaries

were in order. were elected by acclamation. Robert Barnett proposed that the Chair,

organization, and a committee of five on platform and resolutions. The proposition was agreeable to the delegates assembled, and the Chairman,

after due deliberation, appointed the committees as follows: Credentials—Robert Barnett, R. H. Singleton, Joseph Hahn, P. Robinson and J. E. Givens. Permanent Organization-Add. C. Hink-

son, J. W. Orth, J. W. Hughes, George A. White and John Miller. Platform and Resolutions-Victor Hartley, W. S. Manlove, Andrew Black, I. M. Smith and T. W. O'Neill.

On motion, a recess of thirty minutes was then ordered, so that the committees might consult and draw up their reports. deavor to obtain order. A BUGABOO FROM ELK GROVE.

The committees retired and the delegates scattered about the neighborhood to amuse themselves as best they could. The Platform and Organization Committees soon completed their labors, but the Committee on Credentials struck a large-sized snag and strung out the recess for over two hours. It appeared that two delegations had reported from Elk Grove, or rather one from old Eik Grove and one from new Elk Grove. Only one polling-place had been provided for by the Central Committee, and that was at plain, ordinary Elk Grove-no new or old about it. The Elk Grove Democrats established the voting place at new Elk Grove, there were two tickets in the one being in favor of a certain candidate and the other being opposed to him. Before many votes were cast the regulars found that their ticket was being beaten, so they deserted New Elk Grove, and going to Old Elk Grove established a new polling-place, and elected their six delegates by the eight votes polled Meantime the balloting continued at New Elk Grove, the regularly appointed

opposition ticket elected. Consequently when the two delegations reported to the Committee on Credentials the whole matter had to be investigated, and it took some little time. It was just 4 o'clock when the Chairman rapped the Convention to order and an-

in the report of the committee to be seated, was the one elected at old Elk Grove.

As soon as a motion was made to adopt the committee's report, Gillis Doty, one of the new Elk Grove delegation, addressed the Convention. He first moved to amend, that the report of the committee, so far as it referred to the Elk Grove delegation, be not concurred in, and then proceeded to give the details of the primary at Elk Grove.

He demanded that justice be done to the minority, and that his delegation be seated. He said the election had been carried out lawfully and properly. The the delegates to the County Democratic adopt the committee's report, Gillis Doty,

We will do more toward you than you have done to us; we will be perfectly fair. We will go to the State Convention in the interest of the Democratic party, upon which we all rely for the promotion and maintenance of good government.

Mr. Hughes was interrupted frequently during his speech, but stuck bravely to the task.

STATE CONVENTION DELEGATES.

When he had finished, the Chair announced that the committee appointed to select delegates to the State Convention was ready to report.

The minority groaned at this, and a number of them picked up their hats and left the hall.

DENVER August 11th.—E. F. G. Hall, representing himself as a contractor on the Nicaragua canal and traveling West for his health, is wanted here. He passed forged drafts out the New York banks for nearly \$5,600. The same man visited Glenwood Springs in July and swindled the banks and merchants out of \$5,500 by the same means. His plan of operations was to gain the confidence of a prominent citizen, who would introduce him at the banks and to the merchants. He would then make a deposit the merchants. He would then make a deposit at a bank and issue drafts, which were promptly paid. He would then deposit a draft for a large amount drawn by a Kansas bank upon a bank in New York, get a part payment on the draft in dvance, draw out all his deposits, and with considerable jewelry paid for with forged paper would leave the town before his crockedness

EDUCATIONAL.

St. Gertrude's Academy, Rio Vista, Cal. THIS INSTITUTION WILL RE-OPEN FOR the next scholastic term, Monday, 11th inst. The pupils will find it to their advantage to be present at the formation of the classes. This Academy is situated in one of the most This academy is situated in one of the most healthy sections of Solano county, and being on an eminence in the rear of the town, receives, through a break in the Montezuma hills, the cool, refreshing breezes from San Francisco bay; thus making the climate a most agreeable and healthful one. The thorouguly furnished classrooms well appointed dormitories, music-rooms, studios, exercise grounds, etc., together with the advanced course of learning and varied accomplishments, in which young ladies are so desirous to excel, have attracted students from far and near. From nearly every county pupils far and near. From nearly every county pupils have been received, among whom are young ladies from Siskiyon, Tuolumne, Los Angeles, San Jose and even Nevada. Several of the ils are engaged in teac olic and private schools—the Academy being orporated is entitled to confer academic donors This year, Dress-making, with cutting nd fitting, will be taught at the Academy to hose who desire it: also, Cooking in all its ranches by an excellent French cook. Besides the common English branches, Stenography, Type-writing, Instrumental and Vocal Music, Photograph Drawing, Pastel, Painting in Oil and Water Colors, also Painting on Porcelain, are taught, in all of which the pupils show much

Every advantage is given to the students, not by to enable them to pursue an academic bourse, but also to train them in the duties which will fit a young lady to take her p-ace in the social as well as the domestic circle, and to become a source of comfort to her parents and an The institution is sufficiently removed from the large cities to be a quiet, studious home for all those who desire such for their children.

There are two boats daily from San Francisco There are two boats daily from San Francisco and Sacramen'o—one leaving Jackson st wharf at 11 A. M., the other from Market-st, wharf at 1 P. M. The fare is \$1, and the boats are comfortable and have kind and obliging officials. The terms of this school are very moderate, considering the advantages the pupils enjoy.

A magnificent "stars and Stripes" floats over the exercise grounds since July 4 h—it as well as the entire institution, being the gift of noble, generous Mr. and Mrs. J. Bruning to the Sisters, who have charge of the establishment.
